For Immediate Release:

Trend Control Systems EnergyEYE wins *Building Operating Management 2011 Top Product Award*

Redmond, WA (January 18, 2011)—Trend Control Systems (www.trend-americas.com) is pleased to announce that the Trend EnergyEYE is a featured product in the January 2011 issue of *Building Operating Management* as a *2011 Top Products Award* winner.

The *2011 Top Products Award* recognizes popular manufacturers and suppliers, as determined by building and facility executives that searched for additional information about products as they appeared on FacilitiesNet.com, and participated in a nation-wide survey.

The Trend EnergyEYE is a software dashboard that provides a dynamic, real-time view of a building's energy performance, enabling building occupants and visitors to see an organization's commitment to improving energy management and performance. Trend EnergyEYE is a valuable tool in an organization's energy saving program and a powerful advertisement of its commitment to being green.

The EnergyEYE is available through authorized Trend Technology Centers (TTCs). For product ordering and technical information, contact your local Trend TTC, call Trend at 425.897.3900 or visit www.trend-americas.com.

About Trend Control Systems

For more than 25 years, Trend Control Systems (www.trend-americas.com) has offered reliable, easy-to-use products that support the life of any building and reduce life-cycle costs.
